

VIBRATING DISTRIBUTION DESK MVD 2.2

M

Machinery manufactured in stainless steel following the best quality standards, providing the best finish and resistance.

M

More than 80 types of machines for processing all types of vegetables such as potatoes, carrots and fruit, unique design. Do not settle for mere copies.

A

Aadjustable in length, width and height with numerous sizes and designs to always provide the right solution to your needs.

Q

Quality, design and efficiency in all our machines to extend their working life and make your work as easy as possible.

The **MARTIN MAQ Distribution Desk MVD 2.2** has been designed to accumulate the product (carrots, parsnips, etc ...) distributing it evenly over the desk's surface and placing it for being packed.

The dimensions can take a maximum of 8 working stations.

The product is easy to pick-up from the hopper, making it easier to pack manually.

Maximum storage capacity 0,5 tons of product and it is designed for processing lines of a capacity between 2 and 5 T / h (for this size product).

It is a very strong hopper made of stainless steel, with a vibration tray covered in PVC.

Very low maintenance and very easy to clean.

IMPORTANT PARTS OF THE MACHINE

A: Robust, made of stainless steel and reinforced where needed, with an ergonomic profile to facilitate the collection of the product by hand.

B: Padded PVC band to protect the product from damage.

C: Moto vibrators placed under the machine.

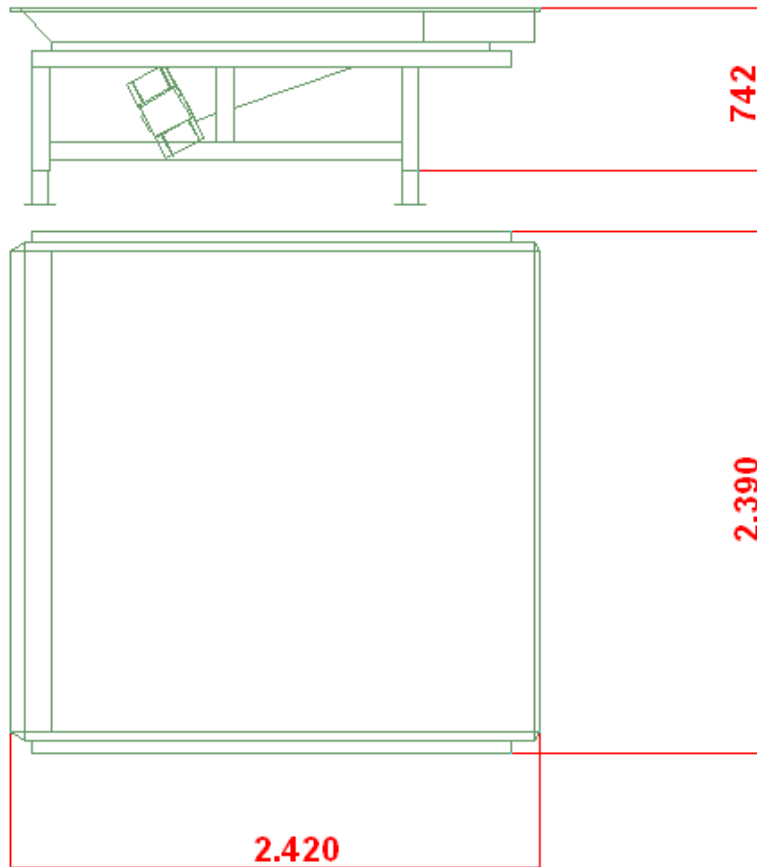

D: Adjustable legs.

NOTE: It has all the necessary safety systems, such as emergency stop, etc.

Electric board optional.

TECHNICAL SPECIFICATIONS

VIBRATING DISTRIBUTION DESK MVD 2.2	Length:	2.420 mm
	Width:	2.390 mm
	Heights:	742+ legs

- Built in stainless steel.
- Padded PVC band to protect the product.
- Capacity: 0.5 T.
- Adequate for lines with a capacity between: 2 and 5 T / h.
- Designed for a maximum of up to 8 working stations.
