

HORIZONTAL CONVEYOR MOD. TDH

M

Machinery manufactured in stainless steel following the best quality standards, providing the best finish and resistance.

M

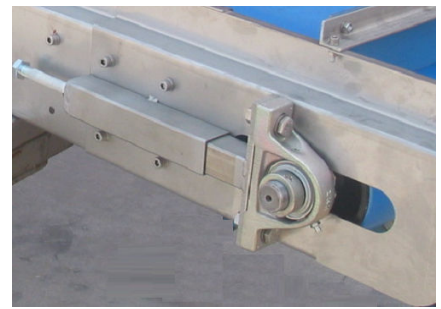

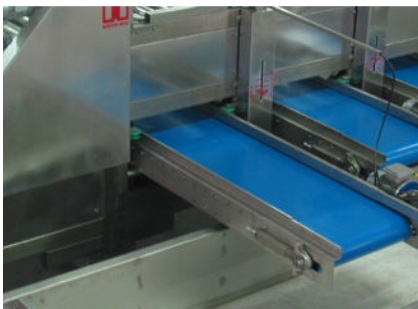

More than 80 types of machines for processing all types of vegetables such as potatoes, carrots and fruit, unique design. Do not settle for mere copies.

A

Aadjustable in length, width and height with numerous sizes and designs to always provide the right solution to your needs.

Q

Quality, design and efficiency in all our machines to extend their working life and make your work as easy as possible.

The **Martin Maq Horizontal Conveyors Mod. TDH** are made of PVC and the band moves over rotating rollers. It can be used to transport the product from one machine to another.

Adequate for potatoes, carrots, turnips, etc. and very easy to assemble (light and highly resistant). All the conveyors have adjustable legs (height and inclination) and are easily adaptable to any existing line.

They can carry any type of product, before or after washing and polishing (wet or dry). Tensors are placed at the beginning and end of the conveyors.

Different sizes and lengths. The power of the motor will be adapted to different customer needs.

Lock-gates and deviations can be added.

IMPORTANT PARTS OF THE MACHINE

A: Motor (calculated for each individual case regarding power and speed required).

B: PVC Band (height will depend on product) adequate for any type of product, wet or dry, highly resistant and long lasting specially when the product is received with mud, etc.

C: Strong, built in stainless steel.

D: Tensors either side of the conveyor.

NOTE: All conveyor can be used by themselves, with adjustable legs, be fixed to a platform, or act as a complement to other machines, such as graders, small waste elimination systems ...

TECHNICAL SPECIFICATIONS

HORIZONTAL CONVEYORS MODELS TDH

- Motor with power from 0,125 kW to 2 kW, with the possibility of incorporating motors with speed adjusters.
- Lengths: 1.2, 1.5 m, 2 m and, as from 2 m, any size, i.e. 3 m, 4m, 5m, and up to 12 m.
